Hi Everyone,

I wanted to write in a brief note of support for the Mass + Main project. Cambridge needs more housing of all types, and the contribution of affordable units specifically, and units overall from this project will be a good thing for our community in its battle to maintain housing affordability. I believe that opponents of this project are mistaken, and frankly confused about the drivers of rising housing costs. Increasing the supply in an area like Central Square is an ideal outcome, especially the inclusion of so much affordable housing.

Please approve it.

Cheers,
Sam
